Re: Request for Extension to Respond to the April 12, 2021 Technical Deficiency Letter  
Application No. 7974SM1C10  
Rock Hill Quarry Operation  
East Rock Hill Township, Bucks County

Dear Mr. Gutshall:

The Pennsylvania Department of Environmental Protection (Department), Pottsville District Mining Office has received your June 14, 2021 request for an extension to respond to the Department's April 12, 2021 Technical Deficiency Letter regarding the Rock Hill Quarry. The Department has considered your request and has determined the following:

No extension will be granted for Items 1. through 10.d of the Technical Deficiency Letter. Complete responses to items 1. through 10.d. are due July 6, 2021.

An extension will be granted for the Items 10.e. through 12. of the Technical Deficiency Letter as the Department recognizes these items require additional sampling and analysis. Complete responses to Items 10.e. through 12. are due October 29, 2021.

Should you have any questions regarding this response to your June 14, 2021 request for an extension, please contact me to discuss your concerns or to schedule a meeting.

Please keep in mind that if you ignore this request or fail to respond to the above listed deficiencies within the allotted timeframes you may be subject to compliance action. Also, please note that due to the application deficiencies noted above, the Permit Decision Guarantee timeframes are no longer applicable.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard E. Tallman". The signature is written in a cursive style with some loops and flourishes.

Richard E. Tallman P.E.  
Environmental Engineer  
Bureau of District Mining Operations
