

# PA Highlands Trail Network-Bucks County Public Open Houses

**AMC** has been promoting the protection, enjoyment, and wise use of the mountains, rivers, and trails of the Appalachian region since 1876.

**The Highlands region is 3.5 million acres spanning from south-central Pennsylvania, through New Jersey, New York and into northwestern Connecticut.**

You're Invited! The Appalachian Mountain Club is hosting five public open houses for Upper Bucks County residents on the PA Highlands Trail Network (PHTN) project.

The PA Highlands Trail Network will extend the 150-mile Highlands Trail in NJ and NY. The project is only in the initial planning phase and is envisioned to traverse the 13-county PA Highlands from Bucks to Adams County. *Community engagement is key to planning the route in Bucks County.*

**PURPOSE:** The open houses are for residents to learn about the trail project and most importantly be part of the planning process. This is also an opportunity for attendees to submit their interest in serving on the PHTN Bucks County Steering Committee and/or volunteer in any other way. Residents can come in at anytime throughout the two-hour open house.
