

EAST ROCKHILL TOWNSHIP Report

Spring/Summer 2018

Spotted Lanternfly – East Rockhill Township is in the Quarantined Area

First, it was the emerald ash borer that marched relentlessly from west to east across the commonwealth, leaving a trail of decimated ash trees in its wake. Now, the spotted lanternfly is threatening to spread from southeastern Pennsylvania and could wreak even more havoc than the ash borer.

According to the state Department of Agriculture, the pest poses a significant threat to the grape, apple, and stone fruit industries, worth nearly \$175 million, as well as the state’s \$12 billion hardwood industry.

How to identify the pest

The spotted lanternfly, *Lycorma delicatula*, is an invasive plant hopper native to China, India, and Vietnam. The insect was first detected in Pennsylvania in Berks County in the fall of 2014 and spread to Bucks, Chester, Lehigh, Montgomery, and Northampton counties.

To try to control its spread, the state extended the quarantine area to include Carbon, Delaware, Lancaster, Lebanon, Monroe, Philadelphia, and Schuylkill counties. The bug has also been seen in Delaware, New York, and Virginia.

The state Department of Agriculture says that adult lanternflies are about an inch long and a half-inch wide at rest. The lanternfly’s forewing is gray with black spots, and the wingtips have a net-like appearance in black and gray. The hind wings have contrasting patches of red and black with a white band between them. The legs and head are black, and the abdomen is yellow with broad black bands. Immature stages, called nymphs, are first black with white spots and then develop red patches as they grow.

Lanternflies prefer the plant called Tree of Heaven, *Ailanthus altissima* — another invasive species in Pennsylvania — as their primary food source and mating and egg-laying location. (To learn how to identify Tree of Heaven, go to www.agriculture.pa.gov/spottedlanternfly, click on the “Program Information” box, and choose “Ailanthus Identification” in the list of publications on the right.)

However, any smooth surface, from trees to vehicles, campers, yard furniture, farm equipment, and other items stored outside can act as sites for egg laying. Adult lanternflies begin laying eggs in late September and continue through late November or early December.

The warning signs

Beginning in late April to mid-May, nymphs may be found on smaller plants and vines and any new growth on trees and shrubs. As

Spotted Lanternfly – East Rockhill Township is in the Quarantined Area

continued from cover page

the year progresses, older nymphs and adults will migrate to the Tree of Heaven, if available, and may be observed feeding on the trunk and branches.

Trees may have weeping wounds of sap on the trunks, and heavy lanternfly populations will cause honey-like secretions to build up at the base of the tree, blackening it and the surrounding soil with sooty mold. Wasps, hornets, bees, and ants may be attracted to the secretions and tree wounds.

In areas with large populations of lanternflies, adults may also feed on other trees, including willows, maples, poplars, tulip poplars, birch, and ash.

The Department of Agriculture says that egg masses can be scraped off the trees, double bagged, and disposed of. You can also drop the egg masses into alcohol or hand sanitizer to kill them.

Checklist for Residents Living in Spotted Lanternfly Quarantine Areas

IMPORTANT: Before you move outdoor items from the quarantine area, check for spotted lanternfly egg masses, adults, and nymphs. Make sure all items are pest free before you move them. Help keep this pest from spreading.

Check before you move

2018 Household Hazardous Waste Collection Program for Bucks County Residents

June 2, 2018
Upper Bucks Area
Vocational-Technical School
3115 Ridge Road
Bedminster Township

June 23, 2018
Central Bucks South High School
1100 Folly Road
Warrington Township

July 7, 2018
Strayer Middle School
1200 Ronald Reagan Drive
Richland Township

August 25, 2018
Bucks County Technical High School
610 Wistar Road
Bristol Township

What will be collected at Household Hazardous Waste Collections:

- **Household Batteries** – All button types, lithium and rechargeables.
- **Lead-Acid Batteries** from car, marine, motorcycle, and truck.
- **Caustics** like ammonia-based cleaners, household lye, oven cleaner, drain cleaner, and metal cleaner.
- **Flammables** such as oil-based paint, spot removers, gasoline, kerosene, gas/oil mixture, and heating oil (in nothing larger than a 5-gallon container and not more than 220 lbs.)
- **Pesticides** such as chlordane, DDT, Malathion, Sevin, and rodent poison.
- **Common household toxics** like photographic chemicals, pool chemicals, weed killer, antifreeze, rust/paint remover, mercury, and CFLs (fluorescent lamps).

Residents may bring a maximum of 25 gallons or 225 pounds of material to the appropriate collection event accepting that specific item.

Do not bring:

- large appliances
- biological waste
- explosives
- radioactive waste
- tires
- electronics

Spring Yard Waste Collection Starts Week of May 21

Since 2007, East Rockhill has provided curbside collection of yard waste and leaf recycling under requirements imposed by the Department of Environmental Protection under Act 101 of 1988 and Act 140 of 2006.

Spring yard waste collection is scheduled by district with no registration required. The 2018 Spring Program is as follows:

District I: Collection south of and including Ridge Road during the week of May 21

District II: Collection north of Ridge Road during the week of May 29

(Check the township website for an exact map of the collection areas.)

Here are a few important reminders about the program:

- Have your yard waste out by the curb by 7 a.m. of the first day of your collection; once the truck passes it WILL NOT return.
- Leaves or grass clippings are NOT permitted; tree branches and brush only. No bags allowed.
- Place tree limbs and branches in neat piles at the edge of the road or driveway.
- Branches are limited to six (6) feet long and no greater than five (5) inches in diameter.
- Piles for pick-up are limited to four (4) feet wide, four (4) feet high, and six (6) feet long.
- Township employees and/or equipment are not permitted to enter private property to remove items.
- If you miss the curbside collection or have additional yard waste, the East Rockhill Township Drop-off Center is open Monday through Saturday, from 6 a.m. to 9 p.m. and on Sunday, from 6 p.m. to noon for township residents and residential personal recycling only; commercial landscapers are not permitted. The center is monitored electronically, and violators will be prosecuted.
- Please do not leave bags with the leaf and yard waste.

If you have any questions, check our website (eastrockhilltownship.org) or call 215-257-9156.

District Court Closes

The area's District Court 07-2-03 was closed in mid-December after nearly 50 years in operation in Perkasio and Sellersville.

After an evaluation of judicial resources, county budget cuts and the retirement of Judge Charles Baum, the county opted to permanently close the local court, according to Bucks County President Judge Jeffrey Finley. In August, Bucks County also closed the Lower Southampton Court where that judge is under indictment for corruption charges, now leaving 18 MDJ courts in Bucks.

Finley said the county was looking to close two magisterial district courts due to reduce total case filings in Bucks. But the county will soon be adding two new Common Pleas Court judges in Doylestown.

Judge Baum, in office for the past 12 years, in February announced he would not seek re-election and would retire at year's end after serving two full terms. He retired Dec. 31 and has been approved to serve as a senior substitute judge where needed.

"It's been a great and interesting run," said Baum, who said he will miss his staff, the four local police departments his court handled, and serving the community. "I was very honored and humbled to have served on the bench for the past dozen years and it was with mixed feelings that I decided to retire."

The Perkasio native served as editor and publisher of the Perkasio News-Herald for nearly 35 years previously, the local weekly newspaper that was owned by his family for 85 years. Baum has also served as president of the Perkasio Historical Society for the past 25 years.

So, what will happen to new court cases and old ones still in process?

Filings from Pennridge Regional Police, which covers East and West Rockhill Townships, will go to the Quakertown Court in Richland Township, led by newly elected judge Lisa Gaier, who was elected to replace Judge Robert Roth upon his retirement last year. New and old cases from Perkasio and Telford Borough Police were transferred to New Britain Township with Judge Regina Armitage. State Police cases out of the Dublin Barracks will mostly go to the Quakertown Court.

Two clerks in the Perkasio Court opted to retire, while one transferred to the New Britain Court and another went to the Sheriff's Office at the county courthouse. The Perkasio Court, in the Re-Max Building at Seventh and Market streets, is owned by the county and will be occupied by Bucks County Juvenile Probation, formerly housed in a leased facility in Quakertown.

During his tenure, Judge Baum handled more than 5,000 criminal cases, ranging from DUI and drug cases to assaults, rapes, and murders. He and his staff also processed over 30,000 motor vehicle cases, plus thousands of other cases involving landlord-tenant disputes, civil cases under \$12,000 in value, disorderly conducts, trauancies and others.

Baum also officiated at nearly 800 weddings, mostly in the courtroom or out front by the town clock or Christmas tree.

The FOG Monster: Fats, Oils & Grease

In the sewers there is a situation that is costing thousands of dollars each year. Many communities refer to this problem simply as the FOG monster (Fats, Oils, Grease) or the CLOG monster since it is the main cause of sewer clogs.

A sewer backup can be a very stinky and costly mess! Our goal is to minimize the chance of this occurring. Only with the help of all residents can this be done. The worst culprit in clog formation is the combination of fats, oils and grease, known as FOG.

FOG hardens as it flows down the sewer pipe and attaches to solids normally found in the sewers forming clumps. These clumps start to stick to the sides of the pipes and slow down the flow of sewage. The situation worsens until the pipe is clogged and sewage starts to back up in your house or in your yard! The result is a mess that no one wants!

Fats, oils and greases are usually byproducts of cooking. The easiest way to help prevent backups and sewage overflows is to keep FOG out of the system. Here's what you can do to help:

- Do not pour oil, grease, or fats down the drain.
- Soak up the grease after frying with paper towels and put in the trash.
- Pour larger amounts of used cooking grease into a container with a lid. Refrigerate to harden, and then place in the trash. (Great way to recycle containers from take-outs.)
- Minimize the use of your garbage disposal. Put food scraps into the garbage.
- Never pour motor oils down the drain! This is illegal.

Put the FOG monster on a fat-free diet and the whole community will benefit.

Supervisors Notebook

A roundup of news and notes from around the township

BOARD OF SUPERVISORS REORGANIZED

The Board of Supervisors reorganized in January. Gary Volovnik is serving Chairperson, Dave Nyman as Vice Chairperson (he was re-elected to a six-year term in November) and Jim Nietupski as a member. Gary and Dave continue to donate their Supervisor wage back to the community. Kathleen Percetti was appointed Tax Collector in June 2002 and is starting her fourth term as tax collector.

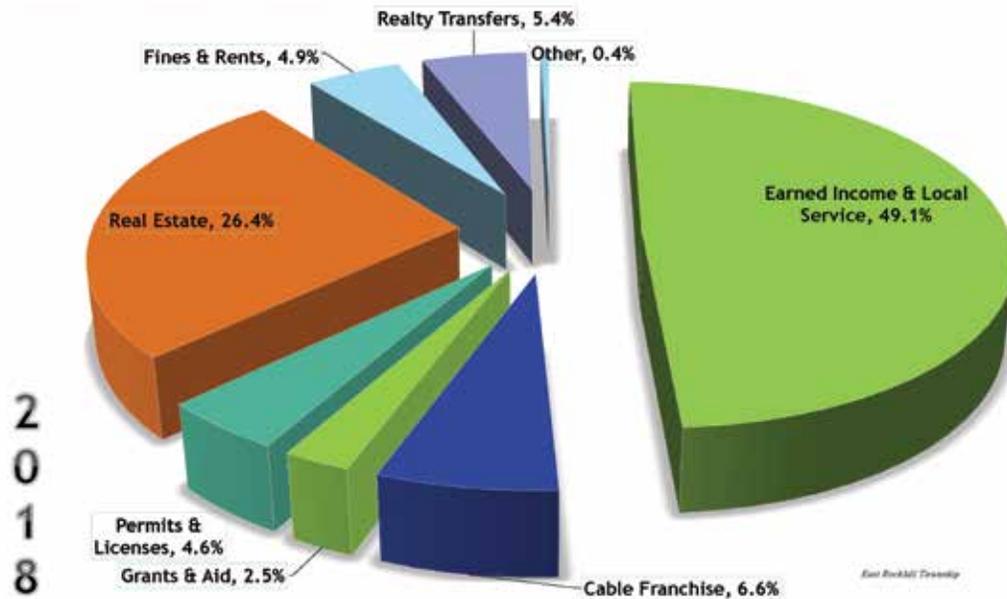

PLANNER APPOINTED

The township welcomes Joe Chellev as an appointment on the Planning Commission.

2018 BUDGET APPROVED

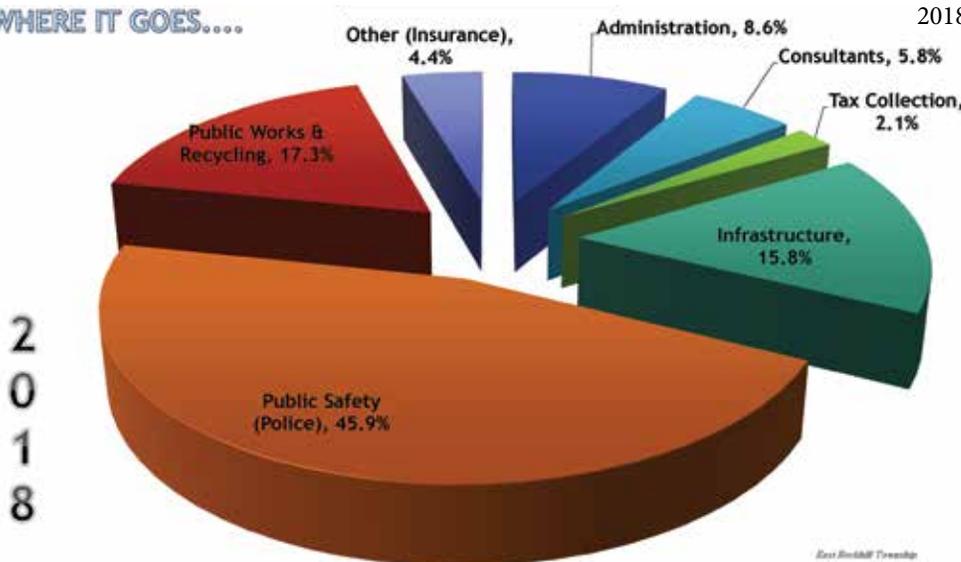

WHERE IT COMES FROM....

2018 General Fund Budget

WHERE IT GOES....

2018 General Fund Budget

SAFELY DISPOSE OF OLD MEDICATIONS

The Pennridge Regional Police Department takes part in a “drug take back” program coordinated by the Bucks County District Attorney’s Office, the County Detectives, and the DEA.

The Department purchased a Med Return drop box, which

is located in the waiting room of the PRPD building at 200 Ridge Road. Citizens can drop unwanted medication into the box anonymously with no questions asked. The box is routinely emptied and medications promptly turned over to the District Attorney’s office for proper disposal.

Supervisors Notebook

2018 ROAD WORK PLANNED

Overlay on Branch Road from SR313 to Schwenkmill Road, Axehandle Road, Muskrat Road, West Rock Road

KEEP YARD WASTE AND PERSONAL ITEMS OUT OF OPEN SPACE.

The township has received complaints about yard waste, including grass clippings, being dumped in open space, detention basins and waterways.

In addition to being illegal and subject to prosecution, such activity is harmful to the environment. Yard waste will be carried downstream during rainfall events to clog culverts and other facilities in the stormwater system. The resulting reduction in capacity of the stormwater system could cause flooding for you and your neighbors.

In addition, yard waste, as it decomposes, will harm the quality of the storm water within your watershed. We provide twice-a-year curbside collection and have a collection bin available year-round for disposal of yard waste.

However, neither option can be used for grass clippings. We suggest composting grass clippings and using the compost to enrich and condition your soil.

If composting is not possible, sweep up grass clippings before they enter a storm drain and put them out for regular trash collection.

PENNRIDGE AIRPORT BUSINESS PARK APPROVED

The Board of Supervisors approved the airport's application to construct new hangars. The approval was granted with conditions, which the airport has appealed and a settlement has been filed with the Judge as this goes to print. Meanwhile, final land development plans for stormwater control from the proposed business park in Perkasio Borough have also been approved.

NO OPEN BURNING ALLOWED IN THE TOWNSHIP

The Township Code Enforcement Department and Penndel Regional Police would like to remind residents that the burning of trash and recyclable materials -- including leaf and tree waste -- is prohibited by Township Ordinance in compliance with Pennsylvania Department of Environmental Protection regulations.

CAR SHOW COMING TO PHS

The Penndel Community Center is partnering with the GoodTime Motorvators Car Club for their first "By the Moonlite" car show.

The show will take place on Saturday, July 28, 2018, at Penndel High School. Registration is from 3pm to 5pm, with the show open to the public from 5pm to 9pm. There will be a DJ, and refreshments and beverages will be sold by the Perkasio Lions Club, the Perkasio Fire Company, Rita's Water Ice, and the Center. As the Show is on school property, smoking and alcohol are prohibited.

DID YOU KNOW?

The township's Public Works Department installs up to four driveway pipes each year. The driveway must be located on a Township-owned road; cost is materials, plus a \$300 installation fee.

If you are interested in using this service, send us an email requesting the installation. An agreement will be mailed to you with notification of the material cost, and an invoice sent after the work is completed.

If you choose to hire a contractor to install a driveway pipe, a Road Occupancy permit is required.

STAYING IN TOUCH

It has never been easier for you to stay up-to-date on all the important things going on around the township:

- **Social Media:** the townships Facebook page and Twitter account are regularly updated with pertinent information.
- **Real-time Notifications:** visit our website and sign up to receive real-time email announcements.
- **E-newsletter:** visit our website and sign up to receive E-news, our monthly e-newsletter.
- **Print Newsletter:** this publication is sent via mail twice a year.
- **Agendas/Minutes:** you can have these documents delivered to your inbox by sending an email to staff@eastrockhilltownship.org and place meeting updates in the subject line.

ABOUT NORTH PENN WATER WELL TESTING

The North Penn Water Authority notified us Fall 2016 that one of their wells that supplies customers in the Township was found to contain slightly elevated levels of PFCs (perfluorinated compounds). As a result of the contamination, that well has been taken off line.

Currently, the Department of Environmental Protection (DEP) is investigating the contamination and any updates are posted to their website www.dep.pa.gov under citizens, my water, drinking water, perfluorinated chemicals, Ridge Run PFC Site.

Perkasio Regional Authority (PRA) took ownership of the system that remains offline. PRA began billing the 200 affected customers on January 1, 2018.

COMPREHENSIVE PLAN

As the Townships update to the Comprehensive Plan, public discussion will start at the Planning Commission work session meetings September 6, 2018 at 7pm. All residents are invited to attend and voice an opinion about how they would like to see their community evolve over the next decade or so. Once adopted by the Board of Supervisors, the Comprehensive Plan will provide the basis for guidance in the areas of community development, community preservation and quality of life.

Love Your Stormwater

Precipitation is Nature's way of filling Earth's water tank. Without rain and snow, streams would disappear and wells would dry up.

Unfortunately, too many consider stormwater a nuisance to be rushed downstream as soon as it falls. But allowing stormwater to soak into the ground is an essential part of maintaining groundwater supplies as well as healthy creeks and streams.

Here are some ways you can "Love your Stormwater" and protect local water resources:

Tips for managing stormwater this spring!

- Plant Trees! Trees slow stormwater and help it soak into the ground.
- Install Rain Barrels. Capture water for use in gardens or slow release into the yard.
- Reduce Lawn Mowing. Dedicate part of your yard to lush leafy plants rather than turf grass.
- Reduce Chemical Use. Fertilizers, weed killers and coal-based driveway sealants all end up in the creek after a storm.
- Reduce Paving. There are many convenient alternatives to traditional pavement that reduce run-off.
- Go Native. Native trees, shrubs and perennials are better suited for local weather and soil conditions.

Best Management Practices for Your Yard this Summer

BMPs are stormwater pollution prevention measures proven to reduce costs and mitigate the damaging effects of runoff, according to the Environmental Protection Agency. Here are a few ways you can put BMPs to work for you:

- Install native plants in your yard. Native plants have deeper roots than non-natives. These roots break-up the soil and allow rain water to infiltrate, reducing runoff and recharging groundwater. For even better results, look for native plants that benefit pollinators.
- Make your lawn sustainable. One way to do this is by raising your mower height to at least three inches to enable your lawn to slow/absorb more stormwater. You can also increase your garden area and decrease your mown area (perennials and shrubs have deeper roots systems than turf grass). Another idea is add nutrients back to your lawn by letting grass clippings lay or composting them. Finally, use pesticides sparingly and never before the rain.

FROM THE PENNRIDGE REGIONAL POLICE DEPARTMENT

Are You Ready For Bike Season?

Can you believe it will be that time again when we will be getting our bicycles out after their long hibernation in the corner of the garage? Some things to think about as we are getting ourselves ready or even our little ones:

Know The Law

- Children under 12 must wear a helmet (it is also a pretty good idea if adults wear them too).

- If you ride at night you must have a light.
- Riding Right is Right
- Stop means Stop
- Ride Bright: Wear a bright colored shirt or jacket when riding. Yellow, red, or even Day-Glo is great.
- Be Safe
- Watch Driveway Dangers
- Look Before You Turn

Rockhill Quarry

Rockhill Quarry, 2055 North Rockhill Road will be resuming quarry operations very similar to the operations that were performed in the past and according to the Department of Environmental Protection (DEP) Permit. The extractive operations use is permitted on the quarry property by special exception. The Zoning Hearing Board Special Exception hearings are ongoing with the schedule posted to the Township website calendar.

Driving Range Is Open

Tokens are available from a dispenser at Markey Park, 1418 Ridge Road, for \$5 each.

Tokens can also be purchased Monday through Friday between 8 a.m. and 4 p.m. at the Township Office, 1622 N. Ridge Road. You can buy them there for \$5 each or seven (7) for \$33.

Senior citizens can purchase tokens for \$4.50 apiece.

Golf driving range is open. In 2018 the token dispenser was moved next to the ball dispenser at the golf driving range shed and the grass tee area will be widened.

Run the Rocks event will be held Saturday, May 26, 2018 starting at 9am (rain date Sunday May 27) at the Willard H. Markey Centennial Park, 1418 North Ridge Road, Perkasio.

All proceeds will benefit Pennridge Fish and NOVA children's advocacy center. Sign up at Pennridgepd.org or in person at PRPD Headquarters, 200 Ridge Road, Sellersville

From the Desk of Kathleen Percetti, Tax Collector

*Kathleen Percetti
Tax Collector*

Bucks County and East Rockhill Township real estate tax bills were mailed on March 1 and are now due in the discount amount by April 30 or face amount by June 30. After June 30, they are due in the penalty amount.

Pennridge School District real estate tax bills will be mailed on July 1 and are due in discount amount by August 31 or the face amount until October 31. After October 31, school taxes will be due in penalty until the end of the year.

If you would like to pay your school taxes in installments, the first installment must be postmarked by August 31. The remaining two installment coupons will be included with your original bill. The second installment is due on October 31 and the final installment is due on December 15. Please note that if you elect to opt in to pay by installments, you cannot opt out after the first payment is made.

Please note that if you are paying your taxes after December 15, no personal checks will be accepted. Between December 16 and December 31 only certified checks will be accepted. All taxes will be liened to the Bucks County Tax Claim Office if not received by December 31.

If you have not received your bill, please contact me for a copy as soon as possible. Pennsylvania law states that failure to receive the tax bill does not relieve taxpayers from their responsibility to pay the taxes due.

Please check out the tax collector page within our township website: <https://www.eastrockhilltownship.org/government/tax-collector> to find links to the Homestead/Farmstead Exclusion and the PA Rent and Property Rebate program.

If you would like to verify that your tax payments were received or have any other concerns, please contact me at 215-453-8866 or by email at eastrockhilltax@comcast.net. I will be happy to assist you with any questions that you have.

FROM THE CODE ENFORCEMENT DEPARTMENT

Spring typically generates a number of inquiries from residents. Here are three of the most frequently asked questions:

- **Yard sales:** Residents are permitted to have up to four yard sales on your property per year, with a 30-day interval between and no more than three days in succession. Three 12-square foot signs are permitted to be erected two days before the sale (with the permission of the property owner where they are placed) and taken down the last day of the sale.
- **Livestock:** There is a minimum of three acres needed to raise fowl or livestock. If you have three acres or more you are allowed 100 fowl per acre or two livestock animals (goats, horses, donkeys, alpacas, sheep, pigs, etc.) per acre. Buildings that house fowl and livestock need to be 100 feet from the road or property line. The square footage of buildings and paved areas (impervious surfaces) cannot total more than three percent of the total property area. Owners are expected to keep their animals under control as far as odor, noise and containment.
- **Domestic Pets:** Private ownership of a maximum of six domestic pets is allowed. Commercial businesses involving animals are under other specific regulations (contact the Zoning Officer).

If you are uncertain of these or any other township regulations, call the Township Office before proceeding.

West Rockhill Historical Society Celebrates 15 Years!

Rockhill Township was incorporated in 1740. For many years it was the largest township in Bucks County. In 1890 after a 20-year dispute, the Township was split into West and East Rockhill Townships.

Because we share history, West Rockhill Historical Society, published the Arcadia Press East and West Rockhill Townships. Contact the Historical Society for books.

For a glimpse into East and West Rockhill lives in the last century Taste of West Rockhill was published and can be purchased at the Roy Ann Dinner or Rockhill Filling Station.

Our society is a friendly group that invites the public to attend the monthly meetings and listen to speakers who entertain and inform on a wide variety of topics that are historically related. All are welcome to join the Society. West Rockhill Historical Society meets on the second Monday of the month, 7 pm at the West Rockhill Township Building. To make sure you don't miss any of our great programs be sure to check the local papers, Penny Power or our website: www.westrockhillhistoricalsociety.org.

PROGRAMS FOR WRHS 2018

May 14

Carl Lazo -- Village Beneath the Waves*
The process of how property was condemned to make Lake Nockamixon and the historic places that were lost.

June 11

Lori Fegley -- Historic House*
Here is your chance to learn the process of researching a property. Lori will use a home that was the location of the first service of the Evangelical Assoc. Eastern Pa. Conference

July 9

Picnic at James Memorial Park

August 13

Bob Thomas -- The Jasper Mines of Vera Cruz*
Bob Thomas and John Fegley will talk about American Indian culture, life and

tool production and its association with the Vera Cruz Jasper pits in Macungie. (Many of the arrowheads found in East Rockhill Township come from these mines.)

September 10

Jeff Finegan -- George Washington and Me
Jeff Finegan is the author of the "I Knew George Washington Series," a unique collection of stories about George Washington from the perspective of those who knew him best. He will be presenting his first book about George Washington, his slave William Lee and their incredible journey together.

October 8

PAR Recycle Works Helping to make a cleaner safer world
A PAR representative will speak to the society on the work they do and why

they do it, and how it helps both people and the communities they live in.

November 12

Herb Kauffman -- Music of WWII
Come and enjoy the music and songs of WWII, including Glenn Miller, Tommy Dorsey, Judy Garland, Al Jolson and many more whose music has been woven into the fabric of our American culture.

December 10

Christmas Party at the West Rockhill Township Building

WHEN ARE BUILDING PERMITS REQUIRED?

Have you ever wondered what type of home improvement or alteration requires application for a building permit? When planning a project, it is a good idea to contact the building code official and inquire as to whether or not you need a building permit, and how the process works.

Any property owner who intends to construct, enlarge, alter, repair, move, demolish or change a building or structure, or to erect, install, enlarge, alter, repair, remove, convert or replace any electrical, gas, mechanical, or plumbing system must first apply to the township for the necessary permits.

BUILDING PERMITS are required for:

New home construction
Demolition of a structure
Roofing
Deck or Porch
Interior or exterior structural alterations to an existing building (ie: additions and attached garages)
Interior renovations (ie: renovated kitchens and baths which require plumbing or electrical alterations)
Fireplace, wood stove, or gas fireplace installations

BUILDING PERMITS are not required for:

Exterior replacement windows, doors and siding which are materials in kind.

ZONING PERMITS are required for:

All building permits	Sheds
Signs	Home Occupations
Paver patios	Accessory Family Apartments
Fences	Change in Use or an added use

All permit applications are available to download from our website www.eastrockhilltownship.org and at the Township office.

Any construction, cumulative since 2002 over 1,000 square feet is subject to stormwater regulations.

All Zoning applications must be accompanied by a plot plan drawn to scale showing all buildings, sidewalks, driveways and setback measurements from the current project.

All Building applications must be accompanied by plans showing work being done and including specified materials.

When submitting a building permit application it must be accompanied by a zoning permit application. The non-refundable zoning fee is due at the time of submission. For construction of new homes, other fees may be due upon submission. See our fee schedule for current fees also found on our website www.eastrockhilltownship.org.

After zoning approval, your building plans are reviewed by a certified building inspector knowledgeable in required codes. When your permit is issued, you will be provided with a checklist of all required inspections, which may be scheduled by calling the Township office.

It is essential to obtain all required permits. Any work performed without the necessary permits may be subject to double permit fees. Your structure will not be considered complete and habitable until a final inspection is performed and a Use and Occupancy Certificate is issued.

Every permit issued becomes void if work is not in progress within 180 days after issuance or if work is not completed within one year. Permit extensions are available upon written request. Any questions regarding building permits may be directed to the Building Code Official by calling the Township office. Please see the East Rockhill Township web site to view the Zoning Use Chart & Map.
