Senate of Pennsylvania  
May 16, 2019

The Honorable Patrick McDonnell  
Secretary, Pennsylvania Department of Environmental Protection  
Rachel Carson State Office Building  
400 Market Street  
Harrisburg, PA 17101

Re: Ridge Run PFAS HSCA Site

Dear Secretary McDonnell,

I am writing in support of Perkasie Regional Authority's April 29<sup>th</sup> letter to Colin R. Wade, DEP Environmental Protection Specialist, in which it requests that the Department reconsider the Interim Response decision regarding the Ridge Run PFAS HSCA Site. The PRA's request for the affected property owners and additional residents to be connected to public water is the most viable solution to ensure residents have safe drinking water.

I would also like to support West Rockhill Township's April 30<sup>th</sup> request for DEP to have a meeting with officials from both West Rockhill and East Rockhill to discuss the decision and to work on a plan to connect residents to safe public drinking water.

Once again, I would like to express my support for the requests from both PRA and West Rockhill. Thank you.

Very truly yours,

A handwritten signature in black ink, appearing to read "Steve Santarsiero".

Steven J. Santarsiero  
PA Senator, District 10
