

EAST ROCKHILL TOWNSHIP

December 27, 2018 – Rock Hill Quarry, 2055 North Rockhill Road

Rockhill Quarry, Rockhill Road will be resuming quarry operations very similar to the operations that were performed in the past and according to the Department of Environmental Protection (DEP) Permit. Hanson Aggregates has maintained their DEP mining permit and East Rockhill Township Extraction use permit has been applied for through the years. Questions and concerns regarding mining operations can be directed to the DEP Pottsville District Mining Office at 570-621-3118 who review the mining permit which encompasses activities such as blasting, air quality and well water. At this time clean-up of the site, survey work and a traffic study is underway. A traffic route will be established by East Rockhill Township once the traffic study has been received.
