Senator Steven Santarsiero Building 100, Suite 121 2003 Lower State Road Doylestown, PA 18901

RE: PA Act 101-Municipal Waste Planning, Recycling, and Waste Reduction

Dear Senator Santarsiero,

East Rockhill Township is contacting you regarding the financial burden that the mandates set forth in the above-referenced Act places on our Township as it relates to China's 2018 ban on certain types of recyclable materials. The Act requires municipalities with population greater than 5,000 to provide regular recycling pickup service for their residents. East Rockhill Township population according to the 2010 census is 5,706.

East Rockhill Township has a trash district established for our residents that went into effect in 2017 and expires 2022 which will necessitate us going out for bid prior to expiration. It is our anticipated concern the cost for recycling to our residents will increase substantially over the current contract pricing for a service they are required to comply with.

Additionally, East Rockhill Township's 2021 budget has expenses for mandated recycling waste collection which is offset by the Annual Municipal Recycling Grant. Governor Wolf's proposed budget shows a reduction of those grant monies from \$30 million to \$25 million and municipal recycling performance grants reduced from \$21.5 million to \$11 million. The reduction appears to be due to less funding available as a result of a \$50 million transfer from the Recycling Fund to the General Fund in December as part of the 2020-2021 budget. East Rockhill Township depends on these grant monies to continue to provide yard waste container drop-off, fall leaf collection and spring yard waste collection to our residents as mandated by Pennsylvania Act 101. East Rockhill Township is a small bedroom community whose residents cannot bear the cost of these services without grant funding.

We are requesting that our state legislators examine current recycling mandates in response to the challenges we are currently facing. Any efforts made to ensure viability of local recycling programs without placing an additional tax burden on our residents would be most appreciated.

Sincerely,

David R. Nyman Chairperson East Rockhill Township Board of Supervisors East Rockhill Township Municipal Office Addition - 2/23/2021 Board of Supervisor Agenda
