ADVISORY TO APPLICANT:

Applicant is advised that upon review of a completed application, it may be determined that additional approvals are required prior to final issuance of a Zoning Permit. Those additional approvals may include but are not necessarily limited to:

PennDOT Applications that affect the use of a property that take access from a road under PennDOT jurisdiction may require a PennDOT permit.

PaUCC If the proposal includes construction regulated by the PA Uniform Construction Code, a Building Permit Application is required.

BCCD If the proposed work area involves disturbance of more than 5000 square feet of soil then approval from the Bucks County Conservation District is required. www.bucksccd.org/index.htm

Stormwater If the proposal involves the construction of cumulative area of 1,000 square feet or more of impervious surfaces since the year 2002, a stormwater management plan or review may be required. Impervious surfaces include but are not necessarily limited to: driveway (both asphalt and crushed stone), buildings, some decks, patios, walkways, etc.

Wastewater Certain projects may necessitate the review and approval of the Bucks County Health Department or public water / sewer provider.

Driveway Permit If the proposal involves work within a township right-of-way a Road Opening Permit may be required.

Land Development Certain uses may require the submission of a Land Development Application to the Planning Commission and Board of Supervisors.

Other Certain uses may require submission to the Planning Commission, Zoning Hearing Board or other Boards, Commissions or Agencies.

DEFINITIONS:

Alteration – as applied to a building or structure, a change or re-arrangement in the structural parts or an enlargement or diminution.

Building Height – The vertical distance from the average elevation of the finished grade at the front two corners of the building to the top of the highest roof beams on a flat or shed roof, to the deck level on a mansard roof, and the average distance between the eaves and the ridge level for gable, hip, and gambrel roofs.

Easement – A grant of the use of a parcel of land for the use by the public, a corporation or a person for a specified purpose.

Impervious Surface – Impervious surfaces are those surfaces which do not absorb rain. All buildings, parking areas, driveways, roads, sidewalks and any areas in concrete asphalt and packed stone shall be considered impervious surfaces within this definition. In addition, other areas determined by the Township Engineer to be impervious within the meaning of this definition will also be classified as impervious surfaces.

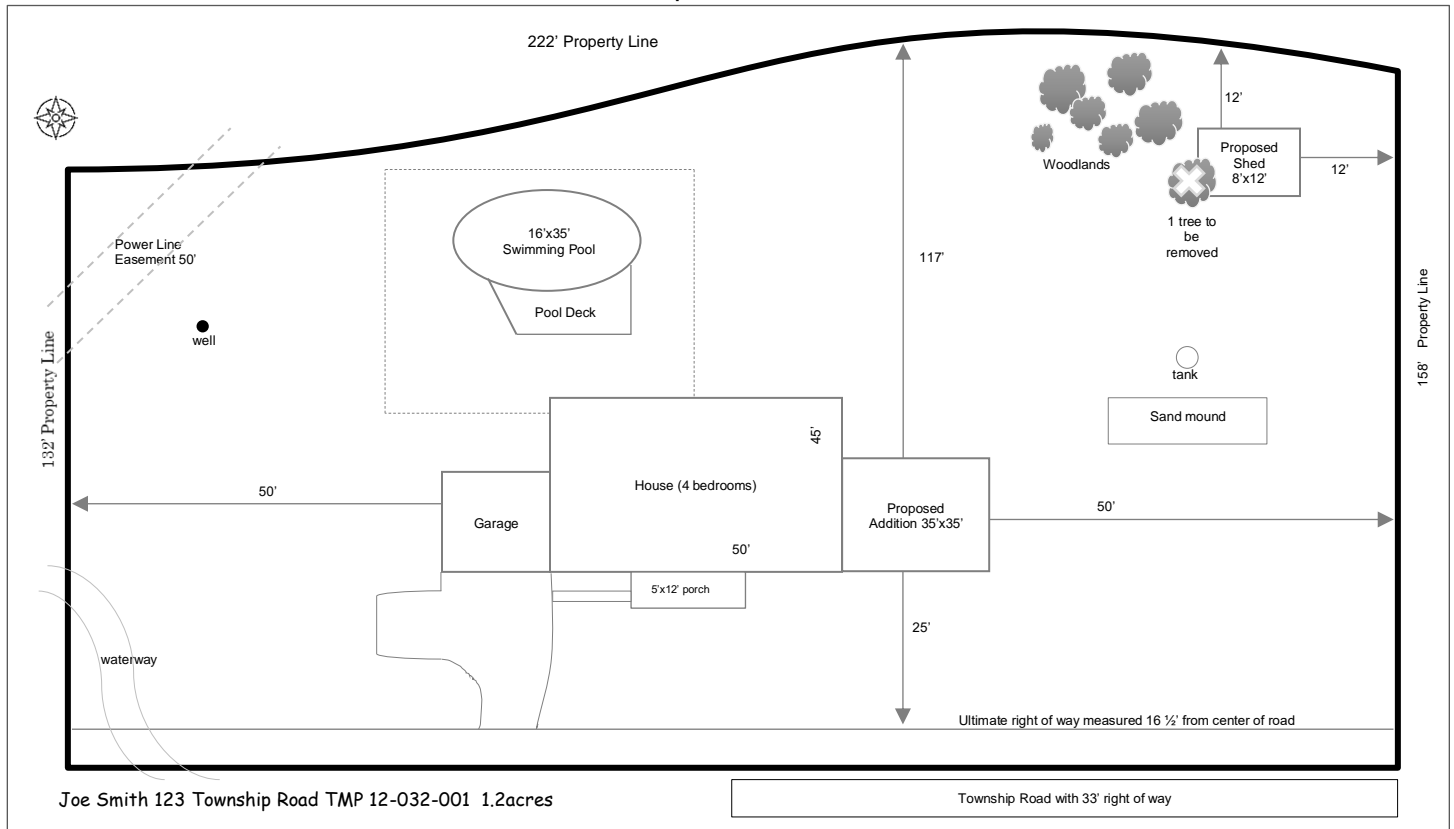

Impervious Surface Ratio – The impervious surface ratio is measured by dividing the total area of all impervious surfaces within the site by the net buildable site area.

Lot line – any boundary line of a lot.

SITE or PLOT PLAN:

A plot plan is an accurate drawn to scale rendering of your property that shows the size and configuration of your property, location of all existing and proposed structures (buildings, walls, driveways, fences, etc.) and all bodies of water, easements and woods. There may be occasions when it is required to have the plan prepared by a surveyor or professional engineer.

Sample Plot Plan

Plot Plan Requirements:

1. Name of the property owner, site address, tax parcel number and lot size.
2. Location and dimensions of all parking and driveway areas.
3. Location and name of all adjacent streets.
4. Any and all bodies of water.
5. Any easements or floodplain that cross the property or other pertinent legal information with distance bearing information.
6. Existing woods and proposed extent of clearing.
7. Property lines and dimensions.
8. Labeled existing and proposed structures with dimensions to property lines and street (note where the measurement was taken from).
9. Driveway location, width and access point.
10. Parking spaces.
11. Existing and proposed utility locations including but not limited to water lines, sewer laterals, gas lines, electrical lines, septic fields, wells, etc.
12. Sump pump, roof drain line locations, line sizes and discharge points.

Check the lines below indicating that the following has been submitted:

- Detailed Drawn to Scale Plot Plan with existing and proposed structure(s) with dimensions and distances to all property lines
- Non-Refundable Zoning Fee

By signing this application, authorization is granted to any municipal representatives of East Rockhill Township to access the above property as stated within this application at any time, without administrative warrant, to inspect and verify that any proposed use and/or structure contained within this application and/or that exists on the above property complies with all East Rockhill Township Ordinances.
